## Run Report 2242 – Mary Xmas Run – Charles Riley Reserve, North Beach

### Preamble:

Another good turnout tonight with 46 MOH [Men of Hamersley] plus perennial Visitor, Short Horn, from Kowloon Hash. Set tonight by the Joint Master's, **Shit Scrapper** and **Molly Dooker**. About 5.55pm I receive a call from **Molly Dooker** who asks if we can hold the pack for about 15 minutes as he is running late - of course he did not tell me that he was in his car and not actually setting the trail! I told him that he must be joking and passed on the phone to **GM Donka** to confirm this to him in no uncertain terms!

### The Run:

**Shit Scrapper** takes to the crate and says that we are on chalk and flour and that there will be a Runner's trail and a Walker's trail that intercept each other at various points. There will also be a Drink Stop at a scenic location. The Running pack head off in one direction and the Walking pack head off in another. I was the sole FWB on the Walker's trail until **Spud** and **Nice Tits** caught up with me just as we hit the first FT! Now nearly at the end of the Walking pack but still us FWB's have good pace and get in front once more just to hit the second FT - just in time for

the Running pack to miss both of these FT's that the Walkers have broken for them! Both Packs then head West on Lynn St but the Runners cut off left into the Trigg Bushland while **Nice Tits** and I lead the Walkers up the hill and down the other side to the drink stop on the beach at West Coast Dr where the wind is howling! A bit sacrilegious to expect a Scotsman to drink Whisky? and Coke, so I didn't but the **GM Donka** was leading by example [and I bet that he is sorry that he did!]. The Running pack arrive just after the Walkers and are desperate to run so it was a quick rendition of "Raise Your Mugs" and off we along West Coast Dr where the Runners split down onto the beach [well only 5 of them did!] while the Walking pack did a right turn at Hamersley St and a pretty straight walk home. Was that SCB's **Kazi** and **Voodoo** that I saw at the head of the Walkers Pack?

The Runners came in about 5 minutes after the leaders of the Walking Pack including **Spud** who seemed to have found his second wind and was setting a blistering walking pace! The Committee had excelled themselves with the nibbles and I was told there was actually food left as the circle commenced. Must have had something to do with security holding back the gluttons! Kudos to those who did their bit [**Tampax** and **GM Donka**] including **Kazi** and **Mel Adjusted** who picked up the food later. It was 3.88Km for this FWB and about 6.6Km for the Runners.

### Circle Up & Visitors and Returniks:

#### Returniks:

Only 1 Returner too being **Nice Tits** who is able to join tonight as he has just changed jobs and is not currently FIFO.

#### Visitors:

Only 1 Visitor tonight being Short Horn from Kowloon Hash.

#### General Business:

**GM Donka** introduces our hostess for the evening Mary Xmas [aka Della - what did Della wear boys, what did Della wear (Perry Como 1959) - not much is the answer and she must have been freezing her proverbial off tonight given the "cool" wind that had picked up]. Rules about interaction with Mary Xmas are spelt out by the **GM** and are duly followed by the Hamersley men.

**GM Donka** pulls out his latest mascot for the "Elves seat" being ELF's nemesis but a lot shorter] First to sit there was of course none other than **Bravefart!** To be fair he had a LOT of competition for disrupting proceedings tonight and he was quickly followed by Fartin'S. He was no longer off the seat and he was back on it again - some folk are slow learners but to be fair perhaps the free piss had a lot to do with the rowdiness tonight.

**C-Man** steps forward to deliver a joke to allow the physically challenged [he being a temporary one at the moment] to be seated.

**Stir** is next up with news about an old member **Sgt Bilko** being back in Joondalup Hospital for the second time in the space of a few days with sepsis.

**Cookie** then says that he was pretty emotional last week upon receiving his 30 Year Hat and said it was great to be in a Club like this [who is writing his scripts this year!].

He recollected last year's Xmas function at the Belltower that was a great success and asked how many Hamersley members attended the Xmas Sundowner at the Lucky Shag on Saturday?

**GM Donka** said that there were 673 there but they weren't Hashers!

**HardCase** tells the members about bumping into a Hamersley Founder Member, **Keep Guessing** [Pat Gasson] at Dan Murphy's Carine on Saturday. He sends his best regards to you all especially those old members who will remember him.

**Bravefart** told how Short Horn texted him and said that he wanted to attend the Mary Xmas run but did not want to drive. So, he took an Uber to the run site on the promise by **Bravefart** that **Cookie** would give him a lift home. When he arrived at the run site and asked **Cookie** about the lift he denied all knowledge of this! At this point Short Horn came into the circle but made the fatal mistake of not obtaining **GM Donka's** permission first!

**Precious** now enters the circle to hand out some Hats [Hmm I thought that was Historian **Rooted's** job and **Precious** takes advantage of his absence tonight!]. **GM Donka** thinking that it was just some yellow hats lets **Precious** continue, however, he just did not stop and handed at the Yellow hats for 1) **Molly Dooker** [where are you says **Precious** when **Molly Dooker** is standing next to him!]; 2) **PJ** - following in his Dad's footsteps! And 3) **Fartin' Sphincter**. Of course, we have spelling mistakes again and the finger is pointed at last year's Historian **Popeye** who vehemently denies any responsibility - he should have been a politician! Then some throwing of someone's Yellow Hat [Hamersley property] by **Cookie** that is seriously frowned upon and **Cookie** should know better as a new 30 Year Hat member.

Now on a roll, to **GM Donka's** obvious surprise, **Precious** produces a 10 Year Hat for **Shit Scraper** and gets **Biggles** to read the Ode to the Hat before **GM Donka** awards this to **Shit Scraper**. **Mullet** says some kind words about **Shit Scraper** and his girlfriend Mary Marg who spreads easily! **Spud** is more generous in his compliments from organising away trips to cooking good tucker on his runs. **Mase** reiterates the good crib comment and says that **Shit Scraper** is a good Hamersley man.

But wait - **Precious** is not finished yet [he is taking full advantage of **Rooted's** absence and perhaps his own elevation to higher Hash office has gone to his head!] and like the magician with the top hat he produces a 20 Year Hat for **Squirt**. **Cookie** reads the Ode while **GM Donka** awards **Squirt** his 20 Year Hat. **Stir** recollects time in Chiang Mai Interhash where **Squirt** discovered "love bites" on his John Thomas! **Wimpy** recollects similar picadillo's when **Squirt** nearly became MIA in Bangkok.

Now it is **GM Donka's** turn and he produces **Stir's** 40 Year Hat and returns it to him and tells him to take better care of it. **Stir** reckons it was stolen by a little guy with a funny accident! Come on **Stir** you can't blame **ELF** as he is in Tasmania!

In between times the two main circle disrupters, **Bravefart** and **Barrelina**, takes turns on Ice. Both **Shit Scraper** and **Squirt** confide in me afterwards that they have been given their Hats a bit early and I told them better to be early than a year or longer late!

### Charges:

Oh have we got to Charges so quickly! How time flies when you are having fun!

**GM Donka** charges **Fartin' S** for not acknowledging him when he tooted his horn to him when passing him on West Coast Drive coming back from the Drink Stop. DD.

**Bravefart** says that he was at a function the other night [no not the H4 Sundowner!] and one young lad was so overcome by elevation to high Hash office that he reckoned he was the GM of the Best Hash Club in the World - none other than **Precious** the new GM of Bridges! DD.

To be fair to young **Precious** anyone who has been fortunate enough to rise to such high office will always say that they are the GM of the Best Hash Club in the World!

**GM Donka** asks for someone with a bit of intelligence and **Cookie** is into the circle like his bum is on fire! **GM Donka** bought some beer from Dan Murphy's the other day and asks **Cookie** to confirm the name of it - Voodoo Ranger! Guess who gets the DD? Has **Voodoo** named this beer in honour of his long running battles with the Bold Park Rangers I wonder?

**Biggles** charges **Nice Tits** for confusing a R/W sign for a FT on his run with **Precious** at Swan View Railway Station a few weeks ago. DD.

**Mental as Anything Disorder** charges **Cookie** for discrimination as on the run today **Cookie** told him that as MD did not know the area that it was where the poor people lived ... just as they passed **GM Donka's** abode! DD.

### WOW:

As **RA Kazi** was on a chicken run [No - not in a chicken run!], **Wimpy** steps forward as the Stand-In RA for this week. He calls the current WOW, **Mullaway**, forward but the other WOW **Flasher** is MIA this week. He asks **Mullaway** if he has any nominations and the wee man has not 1 but 3!

**Fartin S** for being on his bike instead of running the Hash

**Mental Disorder** and **Arseholeo** jointly and severally nominated for getting a lift in **Mullaway's** Hyundai driven by his patient better half. Getting oiled on **Mullaway's** home brew before they left his house was probably not a good idea and accounted for **Arseholeo's** continued disruption of proceedings last week. However, the yapping like a pair of parrots from the back seat continued on the way home and as time wore on the depravity of the sex talk sunk to new lows!

**Arseholeo** is the new WOW and it is timely as he is a birthday boy and tells us that he is 63 years young [you can put the carton on next week **Arseholeo!**] and I bet he tells all his LBFM's that!

### Run Report:

**Gasman** is asked to do the run report and he certainly talked a good run. He says it went round the block and was a mint run. Food will be good but might be cold but still he gives it 9.86/10!

### Next Week's Run:

Not the Kings Park Run. WEDNESDAY 29 December 2021 at Matilda Bay Reserve at 6.30pm as it is a joint run. Remember to bring a Gold Coin donation for the Drink Stop.

### Next week's Van driver:

**Arseholeo**

### Hash Lunch:

Next Hash Lunch is at Batavia Corner Indonesian restaurant at 312, Albany Hwy, East Vic Park @ 12,30pm. BYO.

### Hares Act:

Surely the best Hares Act of the current Hash year - NOT! **GM Donka** said that it was based on the 8<sup>th</sup> Day of Xmas where it is 8 Maids a milking! Two teams to "milk" **Mullet** and **C-Man** with rubber gloves as udders!. Team 1 of **Halfway/Disgraceful/PJ/Troppo** had no more idea of what was going on than Team 2 of **Stir/Replicar/Molly Dooker/Biggles**. Poor preparation ensures piss poor performance! I think that you need to drop your expectations quite a bit **Donka!**

Songs:

**C-Man** closes the mayhem with "Australia's Hash".
