[Run Report 2257 – Donka and Kazi @ Percy Doyle Reserve, Duncraig](#)

Preamble:

It is Kemosabe **Donka's** run tonight with his faithful Tonto **Kazi** as his co-hare. We were still in my neck of the woods in Duncraig but closer to home for me in Percy Doyle Reserve. In fact I had a nice 0.75Km walk to the run site. I thought that I was early but there was already a big turnout around the Van.

GM Donka calls the members to order and then puts on his Hare's hat to tell us about the run tonight. We are all on chalk with both a Runners and Walkers trails [for part of the way at least] and there will be TWO drink stops!

Latest news from our members who have caught Covid is:-

- **Squirt** - been feeling OK for a couple of days but sense of smell is still a bit off.
- **Dick Van** - yer going good but still tested positive on Monday.
- **Short Horn** - out of isolation, did a 4Km walk this morning, still a bit of fatigue but definitely on the mend.

The Run:

The spy that I engaged in the Running pack tonight was obviously more focussed on the running than picking up on any issues worthy of reporting. He did say that **GM Donka's** visitor **Mike** was as keen as mustard and would be a welcome addition to the Running pack should he be coerced into joining the might Hamersley.

I was back with the FWB's of the Walking pack tonight and our little group of myself, **Spud**, **DV8**, **Barrelina**, **Baron** and **DAGS** set a blistering pace as we headed for the underpass at McDonalds on Marmion Ave. I had no sooner mentioned to **Spud** the absence of checks when we hit 3 FT's one after the other. That allowed the bulk of the Walking pack to catch up. Not for long though with the pace cranking up within the FWB group as what seemed to be a competition between **Spud** and **DV8**. I think that they both had their Weetabix for breakfast! I chose the wrong direction at the check around in Braden Park while **DV8** was on the money and waited for the other FWB's to catch him up. Then it was off down Ozone

Road to the beach path and the first Drink Stop - Port & lemonade at the MAAC Club. The In trail was off back along Marine Terrace to the second Drink Stop - Guinness left over from the St Paddy's Day run at Keppell Park just before the second underpass under Marmion Ave. I recorded 5.8Km for the Walking Pack whereas **Bravefart** had 8.55Km for the Running Pack.

Circle Up & Visitors and Returniks

Visitors:

- **SOG** [Son of **GOD**] - waiting for Dad to pay his membership Subs!
- **SOD** [Son of **DOG**] - also waiting for Dad to pay his membership Subs!
- **Michael** - another returning visitor mate of **GM Donka's**!
- "**Yankee Jim**" - guess where he comes from - Waterman's Bay!
- "**Yap Yap**" - another returning visitor mate but no **Flasher** to talk with tonight!
- **Mike** - **GOD'S** neighbour must have cost **GM Donka** a fortune in visitors fees to stack the deck tonight!

Returniks:

- **Screwdriver** - been over East researching future Hash events.

During proceedings **Wimpy** manages to earn himself a seat on the Ice for interjecting!

General Business:

Rooted seems to have forgotten about resigning as the physically challenged hashers spokesperson and is first into the circle tonight with a joke to allow his comrades in weary limbs to be seated. He is a brave man using his fellow pool car members as the butt of his jokes even though they did gender a laugh from the circle. It must be something in the new Gt Northern mid

strength beer that is causing car pool members to turn upon one another! **DAGS** seems to be missing out and remains standing as there is a shortage of folding seats. Looks like the boom in seated members in the circle is crying out for BYOS [bring your own seat]. **Stir** takes the opportunity of entering the circle with a humungous [BIG to those not used to words longer than 5 letters] hypodermic needle to see if he can cull a few members to ease the seat shortage!

Screwdriver then tells us that he is getting to grips with the "necktop computer" inherited from **GM Donka** at which stage **Replicar** enters the circle and gives him a couple of extra Ram!. He informs us that all is not lost as a fill in Interhash in Goa is being planned for November 2022 followed by a rumoured next Nash Hash in Darwin for April 2023. Of course, don't forget the Poorman's Hash in Cervantes and a Hamersley Onshore run in 18 days!

Voodoo is next up talking about virgins and forgetfulness - not sure how these two go together! He calls in our elder statesman **Precious** and returns his 40th Anniversary stubby holder that he left in his bar at his 70th birthday party 3 years ago!

Biggles grabs the limelight and calls in visitor Mike and reckons that is how he looked when he first joined Hamersley .Hmm - here's me thinking that we should be encouraging visitors to become new members!

Stir asks how do you get **Captain Hook** and **Molly Dooker** out of a tree - wave to them! Not really politically correct that **Stir** even if it did give the members a laugh!

Barrelina continues the laughter in his inimitable style with a "spaniel's ears" joke. You owe me a beer **Barrelina** for not recording the joke in it's entirety!

Concorde reminded members about his and **Fartin' Sphincter** "roaring forties" cycle on the Gibb River Road for charity. All donations gratefully accepted.

Mase not to be outdone by **Barrelina** comes up with his own joke with the punch line Mother of 6 and Father of 1! **Barrellina** is determined to have the last laugh with a final joke - "can't you think of someone as well"!

Charges:

Believe it or not there were no charges tonight and I have never had to record that before. **McCookie** come back all is forgiven!

WOW:

RA Kazi shows off his arithmetic skills and tells us that there were 14 Runners tonight. Somehow he seems to forget to call in his mate **Mausei** the incumbent WOW and maybe he was worried about his nomination? **Wimpy** encourages **Mausei** to enter the circle by quoting the title of a Monty Python song - "always look on the bright side of life"!

Mausei starts to tell the circle how he was set up last week but got multiple interjections and asked "who is running" this show? At which point, **GM Donka** immediately resumes his place on the crate to leave no one in any doubt who was running the show - **GOD!**

Mausei reckoned that the WOW nomination last week was ill conceived and upon further investigation during the week determined that he had been set up at the Coffee Club by his other car pool member -he promptly nominates **Mullet** for WOW!. It was pretty obvious to everyone that **RA Kazi** was in damage control but... he backs up **Mausei's** investigations and awards the WOW shirt to his other car pool member **Mullet!** I think that you will need to start getting your bike in good running order **Kazi** - oh! I forgot **Mullet** gave you the bike and might now take it back!

Mullet shows his indignation of this whole process and throws a tantrum but I'm afraid the Oscar must go to **Mausei!** DD to incoming WOW **Mullet** and outgoing WOW **Mausei!**

During WOW proceedings **Bravefart** who had been pretty quiet up until then kicks over the rubbish bucket and earns a seat on the Ice by the authority of **GM Donka**.

Run Report:

GM Donka calls in his visitor **Mike** to give us a run report using all of his full experience of ONE run! **Mike** reckoned that the markings were pretty good and that he got caught on all the FT's [not really surprising if he has only ever done ONE run!]. He said to **Hare Donka** that it was a good run coach and awarded it a score of 7 / 10! [I thought that you had paid **Mike's** subs **Donka**?] At this stage **GM Donka** exerts his authority and tells **Mike** that that was OK for the run but what about the food? His Unmentionable **Fiona** would be real upset if the food that she lovingly prepared did not get top marks. The penny eventually dropped with **Mike** and he gave the food 3 / 10 making a perfect score of 10 /10!

Next Week's Run:

Mel Adjusted as a last minute stand-in for **Blow Job** and the run site is at Lilac Place, Huntingdale. Food is on so I guess bring a bowl/plate and eating irons.

Next week's Van driver:

Baron.

Hash Lunch:

Munch Master Mel Adjusted gave a report from last Friday's hash lunch in Northbridge. We had a good turnout of 13 for a great lunch with good food. Even **Arseholeo** enjoyed himself despite being challenged and frustrated with using the Wilson's car parking meter!

Hares Act:

It seemed like it was a Co-hare **Kazi** inspired Act of Charades that could have done with a bit of rehearsal beforehand! The game was given away by **Kazi** "whispering" the Hash names to **Donka** before acting out the charade. Hamersley men's names used in vain were:- **Screwdriver**; **HardCase**; **Pole Polisher**; **C-Man**; **Sheepthrills**; **DAGS**; **Shit Scraper**; **Mullet** and **Flasher**. At least they turned up!

DD to the Hares - **Donka** and **Kazi**.

Song:

Popeye is invited to close the circle and comes up with the perennial favourite "Raise Your Mugs".
