[Run Report 2261 – Mullaway @ Cromer Reserve, Como](#)

Preamble:

As **Rooted** had volunteered to drive the Van tonight myself and SOD [Son of Donka] were driven to the run site by **GM Donka** in his trusty V8 Land Cruiser. This was a vehicle more suited to the last time **Mullaway** set a run at what became a severe flooded site that myself and **Rooted** encountered in August last year in his wee amphibious Holden Trax. Luckily **Mullaway** was not keen on getting a carry over Shit Run of the Year award and brought forward his run by 3 months to avoid this. I did notice that no one thanked **RA Kazi** for keeping us dry!

A decent turnout of 43 MOH [Men of Hamersley] congregated at Cromer Reserve for tonight's extravaganza.

The Run:

GM Donka calls the "wee man" forward and then has to eliminate those height challenged none Hares tonight and let the real Hare **Mullaway** take front and centre to tell us about his Run. **Mullaway** seems averse to mounting the crate [maybe he gets altitude sickness?] and tells the members that there will be a run and a walk tonight and in addition there will be a Drink Stop at Chez Mullaway [where we held the circle last year in his lounge room after his run was a washout].

He directs the Running Pack towards their out trail on the bridge crossing the Kwinana Freeway and holds back the Walking Pack for further instructions. He then directs the Walking Pack on over Cromer Reserve and up Eric Street towards Canning Highway and some "fairy lights" where the Drink Stop will be. So off the FWB's head with **Troppo** as one of them tonight as he was apparently suffering after Perth Crankers biking efforts on Sunday and the gym that morning!

C-Man and **DV8** set the pace while I follow along with **Barrelina** and **Troppo**. One thing that was conspicuous by its absence on the walking trail tonight was any H4 trail markings? **Troppo's** competitive spirit comes to the fore and he does a little run to catch up with **C-Man** and **DV8** who lead the Walking Pack. 1.7Km later we cross over Canning Highway as we remember the location of Chez Mullaway from last year and find the Drink Stop in the courtyard with Mrs Mullaway serving. **HardCase** noticing

that the following walkers have not arrived goes out onto the road to signal the remaining walking pack with his trusty torch and lead them to where the Drink Stop is.

MauSei jumps the gun somewhat as **GM Donka** is also with the Walking Pack tonight [sore shoulder?] and in attendance, leading the Walking Pack into "Raise Your Mugs". We headed back to the run site on the Runners Trail but I felt a bit underwhelmed by the length of the walk so took an extended loop down Labouchere Road to South Terrace only to find that none other than **Rooted** was struggling to keep up with me. We got back to the run site just after the Running Pack and found that the prepared sandwiches and other snacks had not all been engulfed by seagulls! The Running Pack recorded 5.7Km while **Rooted** did 4.11Km.

Circle Up & Visitors and Returniks

Visitors:

- None tonight.

Returniks:

- **Wimpy** - been talking with Gina and the shares are good so he is happy.
- **Delicate** - did not attend Hash as was avoiding catching or spreading Covid.
- **Mullaway** - just back from Hash central in the UK looking after his dear old Mum and did not bring back Covid with him.
- **Pumpkin** - you all know what I've been doing?
- **Sir Kumsie** - should have let go of the rope! - just turned 60 and puts on a carton for the boys.
- **Halfway** - just turned 70 and hands out tokens for a drink to celebrate

New Members:

- **SOD [Son of Donka]** - just until he earns a real hash name.

Talking about Hash names I did notice that **Delicate** has started to call himself Delicnut and even has that engraved on his new yellow hat even though I'm sure the original hat had his given name on it. Seems like a bit of Father/Son collusion here and only the GM has authority to change anyone's Hash name. I'm sure that the RA will address this issue next week!

General Business:

GM Donka calls forward **Rooted** to give his weekly contribution to allow the physically challenged members to be seated but before he does this he delivers an observation on the 4 stages of life in the eyes of Santa Claus - Ho Ho Ho!

Rooted uses **RA Kazi** and **JM Molly Dooker** as subjects for his joke tonight and I must admit it seemed a bit sick for the likes of **Rooted**!

Haberdash Precious announces that the Hoodies have landed. No not Russian mercenaries but a repeat order or maybe a new order of our familiar red Hoodies from last year. Try for size before I get the embroidery done says **Precious** and should cost less than A\$40.

Rooted with his Historian hat on has an accolade tonight for the most improved signature in the Run book and it is none other than **Barrelina**.

Mel Adjusted announces Hash lunch is happening this Friday. Details below.

C-Man gives a "Vodka" report from Poorman's Hash in Cervantes and thanks all of those that helped. There was just shy of A\$200 left over and this has been donated to Rocky City's Pink Dress run.

GM Donka gives accolades to those that helped organise such a great weekend.

DD's to **C-Man/Coops/Popeye/Bravefart/McBGCookie/Pumpkin**.

OnSec HardCase does some survey research and asks who actually read the Hash Rag two weeks ago. About half the circle put their hands up and **HardCase** says that they all need to go to SpecSavers except **Troppo** who was the only one who noticed and advised me that a critical paragraph on the WOW section was deliberately left out by **HardCase**. Of course everyone else now claim that they had noticed this and **C-Man** said that he would have charged **HardCase** last week if it had not been a Joint Run with the circle controlled by Bullsbrook Hash. A likely tale but **HardCase** gets a DD nonetheless.

Wimpy drops Gina's name once again and presents **GM Donka** with a present of a Rio Tinto safety helmet. He then calls forward **Boof/Popeye** and **McBGCookie** and awards them a wooden spoon each which of course was nothing to do with Hash and all to do with WCE/Fremantle AFL rivalry.

JM Shit Scraper tells the members that there are only 4 run slots available for the rest of the Hash year and will be contacting those still to Hare a run to fill these slots.

Charges:

C-Man charges **Captain Hook** with disrespect when last week while Hamersley were singing their Club song he was noticed talking to Crayfish from Perth Hash. It's Ice for **Captain Hook** as we had no plank for him to walk on or hungry sharks!

C-Man then charges **MauSei** for jumping the gun tonight and not deferring to **GM Donka** when he led members into singing the Club song at the Drink Stop. **GM Donka** gives **MauSei** a chance to redeem himself by reminding **C-Man** of the song and dance that he held 3 weeks ago about losing business because his advert was not in last year's H4 annual. **MauSei** seizes the opportunity to avoid a DD and checks the H4 annual produced by **GM Donka** and confirms that there is indeed an advert in the H4 annual for **C-Man's** Charters. Charge reversed DD **C-Man**.

McBGCookie who has been a bit quiet tonight steps into the circle and charges **Voodoo** and **Delicate** whose conversation he overheard tonight where **Voodoo** claimed to be lost and **Delicate** said that he could not help him as he did not have his watch on! Unfortunately for **McBGCookie** both **Voodoo** and **Delicate** deny this conversation ever took place and as it is a numbers game [2 against 1] the charge is reversed. DD to **McBGCookie**.

Biggles awakes from his slumber and asks us to "bear" with him as he has a story to tell. Hopefully a short one says **HardCase**. It seems that **Biggles** has had a flooded back room and his plumber says that this due to water pipes being run in the cavity wall instead of being chased into the brickwork of his house. He reckons it was a BGC build and charges **McBGCookie** for the destruction of his back room as it was done under his watch!

McBGCookie obviously has had a few DD's and tries to put himself in a better light by charging **Bravefart** I think for aggravating his bad shoulder that he injured while riding a bike [his Mum has told him many times not to take the stabilisers off!] by bad driving when braking too hard allowing the seat belt to give him more pain.

WOW:

RA Kazi steps into the limelight and calls forward **ELF** - the WOW with the nightshirt!

ELF's first nomination is **RA Kazi** for refusing to have a beer at Poorman's Hash in Cervantes when requested by **GM Donka**. That was never going to fly!

Next he nominates **Biggles** and tries to pass the buck of who actually introduced Covid to the Hash a few weeks ago. **ELF** did say that he caught Covid from **Precious** who caught it from **Biggles** at Bridges Hash the week before. The only flaw with this contention is that **Biggles** is not a member of Bridges Hash!

Replicar nominates **MauSei** for some misdemeanour surrounding a spare chair in the circle?

Stir nominates **ELF** as a carry over - for what I have no idea as there was too much chatter going on!

Disgraceful nominates **MauSei** for the episode at the Drink Stop but **GM Donka** had already excused him for this small misdemeanour.

Never fear **ELF**, we can always rely upon **RA Kazi** to pull a WOW rabbit out of the hat. This week he nominates **McBGCookie** for sweeping/cleaning up at Poorman's Hash - how the mighty have fallen!

McBGCookie is WOW. DD to incoming and outgoing wankers.

Mase closes the WOW report by telling one of his jokes. Something about hairy brooms!

Run Report:

Delicate is given the honour of giving a report on the Run from the perspective of the Running Pack. He says that the Run was well marked and pretty good. Kept the Running Pack pretty much together and he awards it $8\frac{1}{2}$ / 10 then increases it to 9 / 10 when food is mentioned.

Halfway reports on the Walk from the Walking Pack perspective and reckons it was quite complicated [Scribe note: maybe the absence of H4 markings had something to do with that]. A few of them missed the fairy lights but there was a fairy with a torch to guide them to the Drink Stop.

Next Week's Run:

Mother on Monday 9 May @ Beasley Park, Leeming.

Next week's Van driver:

Barrelina

Hash Lunch:

The next Hash lunch will be this Friday 6 May 2022 at 12.30pm at Funky Momo's Nepalese restaurant, 604, Albany Highway in Victoria Park. It will be BYO with A\$2 corkage fee.

Hares Act:

I think that the Hares effort was in the Run and the snacks and food. Somehow the Hares Act got lost in translation.

Song:

The new Septuagenarian **Halfway** leads the pack into the closing song - H.A.M.E.R.S.L.E.Y - just for a change!
