[Run Report 2268 – Duffy and C-Man Gasman @ Roselea Shopping Centre, Balcatta](#)

Preamble:

Duffy who is our only Founding father who remains a club member is the Hare tonight. In fact it is his first attendance at a run this year. His co-Hare was to be C-Man but the Crays were obviously running so he was MIA but coerced his pool car member Gasman to fill in in as co-Hare in his place. New member Simba was our car pool driver tonight driving GM Donka's mobile. Turning up at the run site it was noted that the Van was parked outside of the shopping centre car park unlike last year - I guess to avoid another confrontation with the security!

We had a very good turnout of 48 MOH [Men of Hamersley] tonight for what was a winter run just one day shy of the winter solstice being the shortest day in the southern hemisphere. Long time member Mudguard made a welcome return and it was good to see him - you have been missed come back again soon!

The Hare Duffy takes to the crate to give us run directions but tells the Walking pack to hold back for 10 minutes for shortcutting directions. No Drink Stop tonight lads.

The Run:

The FWB pack tonight were the usual suspects **DV8/Spud/HardCase/Barrelina** and believe it or not **Arseholeo** with beer and umbrella in hand!. We did not want to wait around for 10 minutes, so set off with the Running pack into the drizzling rain. These H4 yellow rain jackets are not waterproof complains **Spud** - but what did he expect for A\$25! Lucky I was wearing my Helly Hansen jacket as the BOM forecast had predicted no rain and I almost did not put it on! Appreciating that we could not keep up with the Running pack we devised our own short cut keeping what we thought was an inner loop of the Run. It worked for a wee while and we did find some trail and a check back or two! I was the only one with a torch so I got the blame when we obviously missed a couple of FT's and

ended up on Hutton Street. For a minute, we headed in the wrong direction until we saw the Mitchell Freeway access and then turned round and took a left into Hamilton Street and got back on trail. A cute cut up a lane way saw our FWB pack split with only **HardCase** following **Spud** while the others could smell home so took off in that direction. We obviously missed the FT but we did not lose our sense of direction and eventually got back on the trail and crossed Karrinyup Road just as the Running Pack caught up with us. Back at the run site there were a few moans and groans about no nibbles. It was 4.61Km for the FWB's tonight and 7.25Km for the Running Pack.

Circle Up & Visitors and Returniks

Visitors:

None tonight.

Returniks:

Returniks tonight were:-

- **Duffy** - first run this year but taking his turn as Hare - been avoiding Covid!
- **Mac The Mouth** - been avoiding Covid, but taking precautions tonight!
- **Mudguard** - also first run this year - welcome back Muddy!
- **Mother** - been a bit busy
- **Molly Dooker** - been recovering from Covid
- **Concorde** - been up in Broome but missing the cold and wet weather!

Covid Report:

The last Covid casualty was **Coops** but he is now on the mend and will be out of isolation on Tuesday.

General Business:

GM Donka tries his hand at a joke about schoolkids but he must have took that one out of **RooTed's** joke book as it fell flat on it's face. **RooTed** taking umbrage at my criticism in the past Rags of the calibre of his jokes tells one at **GM Donka's** expense about a born again rabbit! You can just imagine the fun that I have in the car pool with these two!

GM Donka asks **Baron** if he has a "seated group authority" and he promptly produces this but says that he was only keeping **Duffy's** seat warm!

Spud refers to the email sent out by **On Sec HardCase** today about the resurrected Rotto in Bali trip in October 2022.

Blow Job ends up on the Elf on the shelf seat for some misdemeanour. It is hard to pick up on such things when there is so much yapping going on!

Molly Dooker shows how it should be done and puts on a carton for the boys in recognition of his birthday! Good onya **Molly Dooker**. I guess that you are waiting until next week to put your birthday carton on are you **Tampax**?

Haberdash Precious hands out the remaining red Hoodies to ~~DVD~~ **DV8** and **Short Horn**. A reminder for those of you who have still not paid please give your A\$40 to **Precious** soonest.

Mullet takes **Blow Job's** place on the Elf on the Shelf seat.

Barrelina takes this opportunity to deliver one of his jokes at **Mullet's** expense.

Bravefart goes straight to the naughty corner and ends up on the Ice!

McAffluent makes a complaint against **Short Horn** for pouring piss on his pants and **GM Donka** promptly gives **Short Horn** a DD accolade for this.

Next on the Elf on a Shelf seat is **Voodoo**.

Troppo then takes **Bravefart's** place on the Ice.

Shit Scraper announces some changes to the away trip to Chiang Mai and Pattaya in November and something about a clash with Bunbury's Poorman's Interhash!

Wimpy makes a presentation to long time Collingwood supporter **Mac the Mouth** of a miniature of the boy from Bali - Jordan De Goey!

Bravefart just can't help himself and ends up on the Elf on a Shelf seat!

Concorde announces a special Hash in Broome to coincide with the Broome Cup. I hope that you have my ticket says **GM Donka** whose escape to warmer climes is imminent! **Concorde** confirms he has but only the likes of **McAffluent** are likely to afford it!

Bravefart opinions that **Songmaster ELF** is getting his act together this week but the quality control by **Halfway** in turning the song pages leaves a lot to be desired!

Charges:

Stir talks about Hamersley's intelligence and high standards but of course he is only talking about the very few of us! He then charges **Short Horn** for letting the dies down by doing a 10 point turn in his Mercedes to avoid **Sir Kumsizes's** missus, DJ's, car! DD to **Short Horn**.

RA Kazi charges 4 or 5 Hashmen for casting aspiration's on his weather controlling abilities by sheltering under the shopping centre care park covers. Only 3 were brave enough to step forward and answer the charge - DD's to **MauSei/Mel Adjusted/RADS**. [Just a point of order here in that the RA is supposed to protect the circle AND the run from rain!].

Spud charges **On Sec HardCase** for making an attempt last week to gain Life Membership of Hamersley [and all the perks and lurks that such Life Membership provides - yeah!] with his wee medical episode. You won't get rid of me that easily says **HardCase** as he accepts his DD with his "mate" **McAffluent** who had jumped to his defence!

Arseholeo charges hitch hiker **Concorde**, who he took pity on and picked up in his two seater Triumph Stag with **Mental Disorder** in the front, for not buying him a beer in appreciation. Then **Arseholeo** makes the fatal mistake of trying to add to the charge by not wearing any Hash

clothing but is immediately proven wrong when **Concorde** reveals that he is wearing his Hamersley 40th anniversary T-shirt next to his skin! DD to both.

WOW:

RA Kazi takes his place on the crate but still did not seem to have any control of the ongoing yapping in the circle and in the Van! He reckoned that there were 10 Runners tonight!

He calls the current WOW **Squirt** forward and asks if he has any charges, but he really means nominations for WOW! [For the record the only Hashman to pick up my deliberate mistake in the Rag last week by not naming **Squirt** as the WOW was non other than **Troppo** - Is all this effort really only for one guy I ask myself!].

Squirt has only one nomination - his wee mate **ELF** who ventured out on the Run while it's raining but without wearing his rain jacket tonight but then put it on when he got back to the circle!

Stir then steps up with his own nomination. He says that he is writing a book "Driving with ~~Miss Daisy~~ **Molly Dooker**". On the way to the Hash tonight he noticed that **Molly Dooker** had a bottle of wine in his glove compartment that he proceeds to have swig from just as a Cop car was passing by!

McAffluent nominates **Squirt** for losing his 20 year Hat that he found in the Woolies car park. **Squirt** says that he handed it to **McAffluent** last week when he was awarded the WOW shirt and that's enough for **RA Kazi** to declare that "anyone who hands anything to **McAffluent** deserves to be a WOW. Carry over and DD to **Squirt**."

Run Report:

Boof delivers this week's Run report. He reckons that **Duffy** assisted by **Gasman** made a good effort and most of the trail arrows survived the rain which he blames **RA Kazi** not doing his job. **GM Donka** kept us on the trail [maybe because he knew where it went!] and it was a good run that **Boof** awards 10 then minus 2 for no nibbles so 8 / 10.

Next Week's Run:

DAGS & RooTed - the "White Castle", 72, Warburton Avenue, Padbury.

Special achiever next week - 1,000 cans for 1,000 Runs - Guess who?

Next week's Van driver:

Dik Van

Hash Lunch:

Next Hash Lunch has just been advised by Mel Adjusted as the Leaf Indian Restaurant, 9/663, Newcastle Street, Leederville, WA 6007. Nearest train station is Leederville. Usual time of 12.30pm.

Hares Act:

Duffy as an old Hamersley hand that he is deftly delegates the Act to his co-Hare **Gasman**. He starts to tell a joke and then tells us that it is actually a true story of a conversation that he overheard between **Blow Job** and **ELF**. **Blow Job** reckons that he wants Covid [trust me you don't!] and will lick door handles and even **McAffluent's** bum and **ELF's** response was "where is **Popeye** going to put his tongue then!" **Wimpy** then brightens the mood with a ditty of his own. DD to the Hares **Duffy** and **Gasman** and contributor **Wimpy**.

Song:

Returnik **Mudguard** is called forward to sing the closing Hash song and proves that he still had the touch with a rendition of "Raise Your Mugs".
