[Run Report 2237 – AGPU – Kings Meadow, Guildford](#)

Preamble: It's only just begun! 53 MOH [Men of Hamersley] plus one old member, **Motor Mouth**, turn up for the AGPU on a nice evening down by the river in Guildford. It is obvious when we arrive that the Hare **C-Man** has had a busy afternoon setting the run, and organising the beer and the food.

The Run: The Hare **C-Man** mounts the crate and tells the pack that they are on flour, shredded tax return paper and some chalk. There will be a drink stop and a swim! Off we head in an easterly direction towards Guildford.

DVB and **HardCase** were leading the walking pack with **Stir** right on their heels. Missing out on the Runners loops we got to the Helena River bridge just as the Runners did. The FRB's did not call out the obvious W for walkers [that I found later] at the FT on the bridge so Runners and Walkers proceeded up river to the Kings Meadow Polo Grounds. This is where **Stir** and **Coops** had a better sense of direction and continued along the river. At this point knowing that a river crossing would be required I headed back to the bridge and found the chalk W for Walkers I presumed or it could have been the other W's! As I was obviously short cutting I found the next FT down Bridge St and called it as the FRB **Flasher** was heading down the road towards me. You only really did 3 1/2

FT's **Flasher!** He took the lead and we both headed down through Iho Park to the Drink Stop on the river just 30 metres over the river from the Run site. I opted to miss the swim home and headed back to the bridge to be met by the approaching Runners pack with only a few Walkers in tow. As I approached the run site I was passed by **Tampax** on his E-bike and **Boof** who obviously thought that the run was too short for him! **Bravefart** recorded 5.13Km plus 30 metres swim for the Runners while I had 4.67Km on Strava.

Circle Up & Visitors and Returniks:

Returniks:

Visitors: An old Hamersley man **Motor Mouth** makes an appearance and paid a special fee. Hopefully he is enticed by the remembered camaraderie and revelry into re-joining the Club on a permanent basis.

General Business:

Part 1

C-Man takes his final stand on the crate and first off duly sits **Boof** on Ice for causing disruption. **Nice Tits** is called forward to receive his 15 Year Hat [only about one year late but that is what you get for a Hash unfriendly Fly In - Fly Out roster!]. **Popeye** duly recites the Ode. **Fartin' Sphincter**, **Arseholeo**, **Flasher** and **Screwdriver** are then sat on the Ice for showing disrespect by not removing their "lesser years" hats in the Circle while the Ode was being delivered.

C-Man then calls the Joint Master's **Boof** and **Bravefart** into the circle to award the Shit Run of the Year Award but as the recipient was not in attendance the award was postponed to a future date.

The incumbent RA **Cookie** is then called forward to present the Wanker of the Year Award. The Smartest Man in Hash or a Legend in his Own Mind advises the second placers - **Arseholeo**, **Mac the Mouth**, **Stir** and of course **Voodoo** with 3 awards each. However, the outright winner with 6 awards was none other than **Kazi**.

To close out his reign as **GM**, **C-Man** calls his outgoing Committee into the circle for a DD and thanked them all for a great year that he was honoured to be their **GM**.

Part 2

With that done the outgoing Committee is excused and **Coops** takes the crate as the **MC** [Master of Ceremonies] for the election process and affirmation of the new H4 Committee.

First position is Hash Flash and after reviewing all candidates **Pole Polisher** was duly confirmed to retain the position but was not in attendance on the night so **Tampax** was duly flashing for him! This is where the order of Committee positions went off script as the **GM** heir apparent **Donka** was being pulled into the circle on his home made "cairtie" to the sounds of bagpipe music. He was obviously really convinced that he had no real challenger for the **GM** position and was proven correct and duly installed as our new **GM** for 2021/22. He then proceeded to hand out tartan headbands with "**Donka's Tartan Army**" on them - a bit premature for some!

Next was Song Master and **ELF** won the gig on that one - it was just a pity that he had left his spectacles at home on the night! He did a pretty good job thereafter on the night.

Who was going to be the new **ARSE**? The anticipation was more than one could bear but in the end the vote went to the current Wanker of the Year - **Kazi**.

Replicar was given an accolade for sterling service over the past 6 years as Splash in Charge and hopefully the new blood of **Sir Kumsize** and **Squirt** who were voted as replacements are able to meet the high standards set by him.

The Historian position was a hard act to follow but I'm sure that the newly elected **Rooted** will be up to the job.

Joint Masters were split between one still able to run and one who can still walk! No FRB's as Splashes for **Donka's Tartan Army!** **Molly Dooker** and **Shit Scraper** were given the nod of approval and duly elected.

It was felt that **Screwdriver** has had too easy a job as Intercourse these past few years that he was duly elected to carry on in the position to prove that he has got what it takes!

Baron was bowing out from his 2 year stint as Hash Cash and a steady pair of hands was required so **Sheepthrills** with his experience of running companies in Asia won the vote on that one.

Our oldest Hasher **Precious** obviously does not have enough to keep himself busy and actually volunteered to carry on as Haberdash and no one had the heart to vote against him so he was duly re-elected.

Another carry over from the previous Committee was **Tampax** as the Webmaster [when I did that job I was called the Hash Hacker - how politically correct Hamersley has become!] as no one was brave enough to mess with the Hamersley website never mind the uploading of the photos!

Tagg was given time off for good behaviour as Munch Master with thanks for a job well done. **Mel Adjusted** steps into the breach and had already been endorsed by the **GM Donka** and given his tartan headband beforehand so he was a shoo in for the position.

Last but not least Hamersley needed an On Sec whose most important skill was to understand **GM Donka's** accent and ensure that nothing was lost in translation. Admittedly there were a few other Scots who could have fulfilled this important function but they had already been given Committee positions, so by a process of elimination and members consensus [although I did detect some scepticism from **Cookie** and his mates!] **HardCase** won the nomination.

The most disappointed Hamersley Man must have been **Mental As Anything Disorder** as he had won nominations for most of the Committee positions but failed to secure any of them.

Coops was thanked for an MC job well done by our new **GM Donka** who took his position on the crate.

For the record, contrary to some contentions, there are only 7 out of 15 newly elected Committee positions who are also members of the Coffee Club!

Charges:

Screwdriver offers an accolade to the incoming **GM Donka** as in his opinion he has exceeded the number of people sat on the Ice at an AGPU since **Dags** time as **GM**. Even before he ascended the crate our **GM Donka** was continually putting members on Ice mostly for disruptions and I as the poor On Sec scribing and having no shorthand could not keep up with those being iced and re-iced! We skipped through Charges as time was marching on and **GM Donka** was keen to offload the WOW shirt.

WOW:

GM Donka said that Hamersley is full of legend and tradition and in keeping with this he nominated **C-Man** as the outgoing **GM** as Wanker of the Week. While the shirts were being exchanged [For the record I witnessed **GM Donka** wearing the WOW shirt next to his skin as he emerged from

the river freezing in the cold wind and it was on my suggestion that he wore a new shirt underneath the wet WOW one otherwise we could well be heading for another GM election next week when pneumonia got the better of him!). At this point it seemed that the new ARSE Kazi woke up and entered the circle saying that he should be awarding the WOW shirt. He did not feel that C-Man was a deserving candidate but was convinced that Cookie's antics in the circle as the deposed ARSE had clearly caught his attention. Using his new found power Kazi reversed GM Donka's nomination and awarded the WOW shirt to Cookie.

Run Report:

Flasher is called upon to do the Run Report. He reckons he did 5 FT's following Concorde [obviously counting the one FT that I found!] but he reckoned that there was only 3 and for some reason that escaped me was iced for that revelation! Flasher was obviously expecting a good feed [which of course it was - thanks Pumpkin/C-Man] after plenty nibbles so awarded it 10/10.

Next Week's Run: The Hare is Molly Dooker and it is NOT at Joondalup as he advised in the circle but it is at Stir's factory at Neerabup. Location and directions as above.

Next week's Van driver:

Repicar

Hares Act:

Enough frivolity was had up to this point in the proceedings that the Hares Act was lost in the hunger for a feed!
