## Run Report 2238 – Neerabup

### Preamble:

The first real run and circle of the new Committee - Donka's Tartan Army. Late advise from Co-hare Stir on Monday morning relocates the run-site for the second time to waste ground at the back of his factory. Kazi steps in as a late Co-hare to help lay the trail with Virgin Hare, Molly Dooker. The run site looks like a set from Mad Max and C-Man obviously thinks that he is Mel Gibson as he arrives in a cloud of dust! Molly Dooker takes the crate and advises that there is a runners and walkers trail and that there will be a drink stop. Runners go Left and Walkers head off Right.

### The Run:

Back along the road to the T junction and then it's into the Bush. As the lone FWB, I hit the first check around on the Walkers trail and choose the wrong trail closely followed by Dags. This allows the remaining Walking Pack to take over the lead .. for a wee while at least! Eventually I catch up with the new FWB C-Man and we let

**Mase** take the first false trail on his own. Thinking that the next foray into the bush is also a false trail, we both head on the firm track and then realise it is not a false and have to back track. **Dags** who is right at our heels gets caught once again! Eventually, we both catch up with **C-Man** and arrive at the Drink Stop together to find **Stir** and **Kazi** handing out Ouzo cocktails that look like a drink from Star Wars! Late comer and driver **Mullaway** looks on with encouragement. The Runners did an extra 2Km past the Quarry [where the Hares were warned off by security while laying paper there] and then somehow got a bit lost on the Bush trail. It was 4.27Km for this FWB while **Bravefart** recorded 6.29Km for the Runners.

### Circle Up & Visitors and Returniks:

To celebrate the incoming Donka's Tartan Army Committee the McWanker's Clan, a duo of Pipers + one Drummer entered the circle pretending to be Scotsmen, well at least **Cookie** was pretending! As the **GM Donka** pointed out it was the shoes that gave him away!

### Returniks:

- **Mullaway** - been fishing up North
- **Swallow** - been working as the Hash don't pay the bills!
- **Halfway** - been halfway to nowhere

DD to all.

### Visitors:

The McWanker Clan trio were brought into the circle for a Visitor's DD.

### General Business:

First item of business from **GM Donka** is to call into the circle **Mullaway** and **Mental Disorder** for disrespect in not acknowledging the outgoing and incoming **GM**. **Mullaway** earns a seat on the Ice for this misdemeanour.

The **GM** then shows off his new staff that was made by his 80 year old neighbour who is a friend of **Mase** and his wife. **Mase** is given the honour of taking care of this staff for the evening and takes the opportunity of delivering one of his little pearler of a joke.

**Rooted** is called upon to deliver a couple of short jokes to allow the physically challenged members to be seated.

**Precious** enters the circle and presents new member **Fartin' Sphincter** with his membership pack of T-shirt, Yellow hat and Mug and other freebies. DD welcome to Hamersley **Fartin'**.

Encouraged by **Mase** and **Rooted**, **Cookie** then enters the circle with his own joke.

Outgoing **GM C-Man** takes centre stage to hand over to the incoming **GM Donka** the two **GM** wooden feet recording the names of all Hamersley **GM's** for his safekeeping. In return, **GM Donka** gives **C-Man** a Tartan Army Committee shirt.

**Dags** enters the circle and tells the boys that it is two days shy of 29 years since he quit smoking and as he does every year shouts a carton. Good onya **Dags**.

**Cookie** re-appears in the circle as himself and shows an article from the West Australian about CEO salaries in excess of A\$600K being thought unethical. I could think of another word but I will keep my own counsel on this. Anyway, **Cookie** not to be outdone by **Dags** also puts on a carton so perhaps his new name should be Unethical!

**GM Donka** has heard through the grapevine about some unrest among members who feel left out of the current Tartan trending in Hamersley. In response he generously has had bits of tartan made to be distributed in the circle to those who feel so left out!

The new Historian, **Rooted** then enters the circle with the new H4 attendance book. At great expense it has come in 3 pieces - the cover, the book itself and the "coffin" in which it resides. All at great cost imported from Italy and he encourages members to treat this new book with the respect it deserves. He also asked why some people can't sign in roughly the same place each week - **Boof** and **Concorde** guilty this week. Also, some people forgetting to sign at all - yes that's you **Stir!** **Rooted** gives **Popeye** an accolade for procuring the book even though its cost has almost bankrupted the Club! At this point the RA **Kazi** seems to come alive and asserts himself by putting **Gasman** on Ice for interrupting proceedings.

From the Van the voice of **Sir Kumsiz**e is heard where he advises of the Harriettes Salvo's Xmas Run on Tuesday night and asks for a volunteer to drive the Van. **Coops** steps into the breach as the good Club man that he is. Good onya **Coops**.

**Mase** tries his hand at another short joke at **S/Scrapers** expense about Roots on Rotto.

**Gasman** is in trouble with RA **Kazi** again and finds himself back on Ice, this time breaking it - the Ice that is not the new "Oor Donka" bucket!

A sad notice that missed the GB was advised to me by **Precious**, that our departed Ex-GM **JK's** wife, **Millie**, sadly passed away a couple of days ago. RIP **Millie** now reunited with **JK**.

### Charges:

**C-Man** charges **Cookie** for leaving all of his RA gear on a tree at the AGPU run site last week and he nearly had a hernia lifting **Molly Dooker** up to retrieve this. DD **Cookie** and **Concorde** eagerly grabs the gear and says that it has saved him going to the Salvo's this week!

**Mental Disorder** charges **Arseholeo** for having a colonoscopy at the same hospital at the same time as him and broadcasting this on social media. DD to both and they can now say with pride that they have taken it up the arse!

**Sir Kumsiz**e charges **Mausei** for lost property [his yellow Mug] left in the van. Guilty but no DD!

**Coops** charges the Hare **Molly Dooker** for multiple changes to the run site causing confusion for some. DD **Molly Dooker**.

**Boof** gets a DD for something that I missed due to so much talking in the circle and the Van!

### WOW:

Now the moment we had all been waiting for as the new RA, **Kazi**, mounts the crate and calls the incumbent [current holder] **WOW**, **Cookie** forward. **Kazi** started talking about no acceptance of disrespect or victimisation this Hash year but maybe a bit of revenge is OK! **Cookie** is asked for his nominations for **WOW** and immediately dobs in the Hare **Molly Dooker** and **Captain Hook** for contriving [managing to do something foolish] to stuff up his run. I did not see where he was headed with these nominations and felt that he was unfairly picking on those less fortunate than ourselves and it was clear that RA **Kazi** agreed with me. Then **Cookie** turns against the other two members of the **McWanker Clan**, **Boof** and **Bravefart** and tries to pin a run stuff up concerning getting the **GM Donka** to the Drink Stop first obviously forgetting that the Hash is non-competitive sport!

Kazi dismissed **Cookie's** nominations as frivolous [not having serious value] and said that he as the RA only had one nomination and that was **Cookie** as a carry over. DD to **Cookie!**

Kazi has obviously not forgotten who presented him with the Wanker of the Year award and conveniently ignoring that 3 of those weeks where he had the WOW shirt were him covering for someone else. Is this the revenge that he was talking about?

### Run Report:

Before **Troppo** is allowed to do the Run Report, **Bravefart** is put on Ice for disrupting proceedings. **Troppo** tells us that the Hare **Molly Dooker** came on the Run and his excuse was to keep the pack clear of the Quarry and the wrath of the security there. It was nice to see us back in the Bush as the first run of the new Hash year and it was a good run notwithstanding **Boof** and **Bravefart** leading the pack astray! **Troppo** reckoned that the food would be good [and he was not mistaken] as **Swallow** had been sweating over the barbecue. He give sit a 9/10 - pretty good for a first effort **Molly Dooker** but be sure to thank your Co-Hares **Stir** and **Kazi**. DD to all three.

A late comment from **Mausei** who advised me that this is the first time in over 5 years that he has managed to walk the full distance on a Hash. Good to hear that his ankle operation has worked for the 3<sup>rd</sup> oldest member of the Club.

### Next Week's Run:

Next week's Run is up in the hills of Swan View at the top of Morrison Road. **Biggles** is the Hare with **Precious** as Co-Hare.

### Next week's Van driver:

**Shit Scraper**

### Hash Lunch:

Post circle advise from the new Munch Master, **Mel Adjusted**, that the next Hash lunch will be on 3 December 2021 at 12.30pm. It is at Ten Ten restaurant, 852, Albany Hwy, Vic Park and is BYO.

### Hares Act:

**Stir** revives memories of his time with the Klu Klux Clan [NOT to be mistaken with the McWanker Clan!] and instead of a burning cross, we are treated to the sight of a burning H4 sign. Thankfully no explosions, broken windows, fire brigade and security attendance this time!

### Songs:

Welcome Returner **Halfway** leads us into Australia's Hash to close the circle.
