Run Report 2110, Gasman @ Alan Edwards Park Kardinya.

Preamble:

On a drookit evening a concerned lady approached the On Sec about his graphic shirt, just wait till **Wimpy** and **Bravefart** turn up with the wanker shirts. Watching the Kardinya Sons training, 34 men of Hamersley wait for the 6 o'clock start, **Boof** gets his first of 18 run down downs. **Gasman** gets up on the crate and complains that the almighty didn't help him or his mate out setting the run, he then sends the pack out in a vaguely southerly direction.

The Run:

Starting with a false trail up the side of North Lake Senior Campus doubling back and looping around Buckingham Crescent another false at Anglesey Drive then in and around with lots of false trails. The walkers take a shortcut down Lawrence Way to Samson Primary School where the drink stop is set up, **Boof** gets his 2 of 18 run down down here before we all sing another song and carry on. The runners go around the outside on Petterson Avenue and Gillett Drive while the walkers took the inside track on home.

Circle Up & Visitors/Retuniks:

Before the circle, Boof gets his 3 and 4 run down downs. **Leavitt** and **Mullaway** are our returniks. **Boof** gets his 5 of 18 run down down.

General Business:

The GM starts with wanting a vote on the next Nash Hash, apparently it is a choice between Adelaide and Fiji, the consensus was Adelaide. Rocky City have the Pink Breast Run tomorrow (bit useless in the rag I know but it is worth some mention), **Donka** talked about Borneo Nash Hash and Pan Asia in China. Inter Hash is 375 days away. **Bravefart** reported that Hashcation had a terrible circle, a terrible run, it wasn't Hamersley but other than that, it was good. **Precious** told us Hamersley rain coats are available, reduced from \$50.00 to \$25.00 this week. A reminder the South of Perth Hash Bunny Run is on Thursday 18 April.

Charges:

Mullaway on **Tagg** missed last Monday with Hamersley because he didn't want to miss his flight with his SOPH3 mates. **C Man** on **Mother** for interfering with circle procedures, **C Man** on the On Sec for being too politically correct with a non-hash member of the public, he should have told the rag to fuck off! **Boof** takes his 6 and 7 of 18 run down downs. **Wimpy** on **Leavitt** for new shoes, it was evident they were well used so **Wimpy** had a drink out of one of them. **Boof** had his 8 of 18 run down down.

ARSE Report:

The RA takes the crate and can still hear some yapping. All fingers point to **Popeye**, the RA was not sure if he is the perpetrator or not, but has heard some cunt call him "Percival", so the RA invited the blond headed throtter to come take a seat. Word of the week: the RA finally nailed down **Panels** to take a seat on ice after 3 weeks of fucking him around but the slippery bastard has got a trump card. He wants the big cunt on ice, but one of the fat pricks is on the crate and the big wog cunt was heating our tucker up, so **Leavitt** gets to take his place. The word is "Planishing", a few reckon they know it, but the RA is smart enough to pick out "God in waiting's" voice and **Sir Kumsize** gets the boong egg. It is a term used for smoothing out fucked up metal, may need to do some on the van after it's **Dingo's** turn to drive. Time to further the edimekation of the dopey bastards out there with on this day in history. **Mullet** gets a boong egg for telling us that the prick with the big top hat Lincoln stopped knocking off our oxygen in 1865 after Booth shot the cunt for taking all his niggers off him. The RA once again heard the On Sec first for a trump card telling us the second worst maritime disaster happened in 1912 when the Titanic sank. The worst of course according to our esteemed educator was when Neville Butt Fucker came out as a 10 pound pom in the 60's, "Fuck!" the RA exclaimed, "we'll give ya 10,000 pound to take him back ya pommy bastards".

Random spinner on **Gassy's** wheel of fortune went to **Disgraceful** to start with. He spun **Bravefart** on ice, who pulled his platinum trump card out and tried to trump the RA, what a dumb cunt, if he read it, it is no good against the GM or the fat cunt. He tried again but was told to park his haggis loving arse. On Sec had the next spin, his choice for ice and told the Scottish prick to swap with his mate **Popeye**. We gave **Tagg** the last spin, what a popular choice, **Wimpy** on ice! "Good spin ya one eyed cunt".

WOW:

Wanker of the week. Luckily one of the incumbents, **Wimpy** was already out there on the ice. **Bravefart** is brought back out as well. The RA nominates **Tagg** for missing H4 last week so he can sleep before meeting the SOP wankers at the airport. **C Man** nominates **Pumpkin** for being pussy-whipped and being scared of going home to his Missus too early last Mundi night. **Wimpy** charges the On Sec for being maggoted last week at hash lunch. The RA lets it stand, "but fuck me," the RA retorted, "being Pissed and making a cunt out of oneself? It is excellent H4 behaviour". **Bravefart** charges the bald headed cunt **Tampax** for riding the run backwards and trying to fuck the runners up. He also seconds "Blinky" for not wearing any H4 gear in Vietnam. The RA agrees that is shameful and gives **Tagg** a great Hamersley shirt he can wear proudly at all the inferior runs he will be going to for the next week.

H4 Honours: Tonight we Congratulate:

Sheep Thrills came out and had 1, 2 and 3 of 3 run down downs in one hit. **Boof** brought some mates out to help him get through 9 to 17 of 18 run down downs then finishes his 18 of 18 run down down. Both these fine hash men get their badges and photos with the GM.

Run Report:

Forgot who it was but they reckoned it was a great run from a pelicans perspective and the food it going to be great he gave it a score of 9.9 out of 10.

Ice:

Popeye for chatting, **Leavitt** trumped by **Panels**, **Tagg** for being slow, the On Sec for fucking up the down down count, **Bravefart** picked by **Disgraceful** on a spin, **Popeye** picked by **Sir Kumsize** on a spin, **Wimpy** (do we need a reason) by **Tagg** on a spin.
