Run Report 2115, Ampol @ Ex Master's Carpark, Ellenbrook.

Preamble:

Quite a few had gathered at the old Masters site when they were surprised to see Sir Kumsize drive the van into position somewhat later than they were accustomed. Apparently Morphine had let the On Sec know that he was not going to do his stint van driving later than practicable for the On Sec and Dikvan to find a replacement. Anyhow, after a flurry of activity, the site was ready and Biggles our stand in GM mounts the crate and calls for order. He invites Ampol up to talk about the run he set. He set the runners, all six of them south and the walkers north.

The Run:

The runners heading south around the back of the old Masters building then looping around north. Skirting around Charlottes Vineyard Oval heading toward Moulton Wetland Park. It was on the way to the Ellenbrook Lookout that the runners started catching up with the walkers. The Lookout is where the drink stop was and a song was sung before the runners started off south zig zagging through suburbia past Bancombe Park then around Carew Park and going down a bit of a walking/cycling track to hit the Promenade, a few falsies then on home.

Circle Up & Visitors/Returniks:

No visitors tonight so Biggles our stand in GM brought out Mullaway, AssAssin, Rads and Screwdriver as our returniks, They are given a down down and told to piss off back into the circle. Not before Biggles puts AssAssin on ice for doing only a half job of being a H4 GM.

General Business:

Bravefart is looking for a Spaniard that threw tomatoes at **Cookies** car, He also reminded us of Trinidad Interhash and also some Asian place for those who don't give a fuck about Interhash. **Spud** advised us of the H4 Annual now available albeit that it is a "Do It Yourself" one where you write something in it and pass it along to the next H4 Hasher. **Screwdriver** told us about Freo Hash having and 800th run on the 29th of May, contact him for details. **Precious** advised us that the \$50 raincoats are still only \$25. **Mullaway** who reckons he is a bit of a whore whisperer and erection master gave us some "blue pill" advice and gave **Bravefart** some free samples to try out.

Charges:

AssAssin on the **Haberdash** on his poor quality H4 kit that seems to be shrinking as the years go by. **Boof** on **Tampax** for taking the piss out of **Cookie**, **Rooted** on **Halfway** for being a stupid cunt and nearly getting run over.

ARSE Report:

The RA is called up, not only after 1 stand in throttler but 2! The ex GM **AssAssin** is back for a run and helps out **Biggles** on the box. The RA hears some cunt gobbing off, comes from somewhere near **Boof**, he's not sure if the sheep whisperer is guilty or not, but seeing the blonde throttler is absent, **Boof** wears the ice.

Mullaway is called in as a clue for the Word of the week. The word is "*Coquinate*", means some cunt that is known to cook, **Boof** guesses close enough and gets a boong egg.

Arseholio is now fucking yapping, "come have a seat ya cunt", the RA orders. Much to the crowd's relief, he doesn't dirty the ice with his freckle and trumps **AssAssin**. The poor cunt doesn't know what's going on and has to have a seat.

On this day, "2018", our RA starts and **Bravefart** swallows the bait, he yells out **Kazi** was fucked, and earns a seat on the ice for being predictable. Then **Barrelina** starts sprouting some shite and is asked to take a seat, but again pulls a trump and says he misses **AssAssin** on the ice. The real on this day it is the same thing that happened in 1927 and 1932, first, nonstop Solo crossing off the Atlantic by Lindburgh in 1927, then Amelia Earhart made the first one by a rag in '33. **Hardcase** won a Boong egg.

Random Spinners, **Biggles** spun **AssAssin** on ice, he trumped **Spud**. "Who gave that cunt a trump?" the RA inquired, the guilty party remained silent, **AssAssin** spun **Disgraceful** on ice and **Wimpy** got a trump.

WOW:

The potential carry over, **Rads** nominates **Sheep Thrills** for losing his 20 year hat, **Sheep Thrills** is the RA's and Hash Cash's taxi home tonight so he is looking OK. **Rads** also gets **Tagg** for being a Shorten supporter. The big CUNT nominates **Bravefart**, with all them cock pills he scored off **Mullaway**, he'll be wanking for weeks.

Wimpy tries to charge some cunt but it falls apart so **Wimpy** is nominated instead. Fuck! The RA has to check, he can still only hear **Rads** being cried for as a carryover, but with a tear in his eye gives the shirt to **Wimpy** to take on his Pilbarra fling to see his old mate Rosie.

Jokes:

There were some.

Run Report:

Cookie thought the run failed the runners, it was a big loop, sand in places was a bit of a problem, with pizza as grub, he gave it 9 out of 10.

Ice:

Big list this week: **AssAssin** for not finishing his GM stint, **Cookie** for his shenanigans, **Spud** for disrupting the stand in GM, **Mullaway** for being too slow with his general business, **Bravefart** for his cheeky buffalo comment, **Boof** for some "Stormboy" reference, **Arseholio** trumped **AssAssin**, **Bravefart** (again) for calling out the wrong answer to the RA, **Barrelina** trumped **AssAssin**, who got to trump **Spud** at the spinner icing leaving **Mullaway** again.
