Poley

Donka advised 256 Days to I/HaSH 2020 in the Caribbean Islands, 87 Days to Pan Asia in China and something else (but I didn't have my Scottish translation book with me) **Halfway** advised that all are welcome to **Hangover Bay Hash** in Cervantes **23-24-25th August**, dinner provided on Friday night contact GM "**Zipper Lip**" 0429 652 700 for details. **Scrotus** said we are looking for any photos of the "Girl and the Dog" around 1986,87,88 in the old H4 Trailer, the \$50.00 girl was named last week in Broome ??

Charges:

Replicar on **Wimpy** for leaving an esky full of snags at the hash site, next time buy better quality.

The **GM** asked why **Panels** signs his name in the run book using his real name, **Panels** calls on his defence lawyer "**Mase**" who put up a poetic poem and case dismissed.

ARSE Report: Well, the GM asked for the fat cunt to stand on the crate. Well, the other fat cunts gotta get off first **Gassy** muttered, and climbed on to start his weekly torment of the throttlers.

He was gonna call **Pops** and **Hooky** in for word of the week, which was gonna be Asphixiate. But **Hooky** woulda taken too long to sit down and **Pops** woulda told the R. A to get fucked. As we know, The word means to be starved of air, bit like **Hookies** team choked yesterday, and who better to choke some cunt but a blonde throttlr..

Word was Columbarry, **Coops** was the clue. He trumped **Poley** onto the ice. After many hints by Percival none of youse cunts got it, is structure for keeping birds, also called a Coop.

On this day, 2 inventions that rocked the world. 1908 and 1981. **Scrotus** got the first Model T in 1908, he reckons **Precious** got the 3rd one off the floor in Perth. **Cookie** guessed first apple mac in 81, we gotta give some slack to the impaired and he got a trump card. Was the first IBM PC up for sale. How did you get your porn before then ya old perv cunts?

1st random spinner was **Mausei**, he spun up the Big Wog Cunt on ice which ended being GMs choice seeing Big **Cman** still is in NZ learning to fuck sheep. GM picked **Coops** who trumped to **Wimpy's** mate **Scrotus**. Next up some cunt spun hares choice, **Panels** didn't want to pick anyone so **Poley** came and sacrificed his arse hole (not for the 1st time I heard... And not always for ice)

Panels had a spin for GMs choice, respun a down down so he had a drink.

Wanker time; 2 incumbents, **Elf** and **Mother**. **Mother** is brain dead. **Elf** nominates **Replicar** for saying what a shit run he set last week. Then he nominates **Voodoo** just for being a cloggy cunt.

Good charge. **Gassy** nominates **Mr P** after his silly tale of sobriety. He had a night off the piss and had to cover his boong eggs with a T towel so as not to be tempted every time he opened the fridge, Silly cunt, if they call u should answer.

Poley is nominated for something as well. Boys gave a vote. **Voodoo** is amazingly dismissed. When we vote on **Reppy**, R.A reminds the cunt he keeps our piss cold, particularly the RA's Boong eggs. The silence was golden. A fair old cheer for **Elf** and **Mr P**, **Poley** u can fuck off. Takes the cunts a few more votes to get it right according to **Gasman** and **Mr P** gets the shirt to take on his adventures overseas..... Recommend it gets a good wash before the next cunt gets it.. In bleach. Back to GOD on the crate.
