[Run Report 2185 Coops Winter Run @ the Airport](#)

Preamble:

After emptying out the can barrel for collection this afternoon, I had to make another stop to pick up another barrel (**Gasman**) on the way which was worth the laugh, **G'Day Cunt**. Pulling in we find the van set up with the awning out and thinking of the **35 Fine Men of Hamersley** that turned up, I back my car down into the opposite corner and with the help of **MelAdjusted** and **Squirt** we set up my awning for more cover in minutes. With no **Mother** here tonight, **Screwdriver** is in my ear its 6 O'clock do I care **NO**. Words out, **GM** is on the crate. **Donka** what run number? **I-Don't-Give-A-Fuck-Lot** your last run 2187, lower, 2185 yes.

Coops starts with the tapping sticks to acknowledge the 1st Nations People or to show us what the 1st arrivals used to use to keep law and order in Midland in those early days. You're on flour and paper watch out for sacred sites (local watering holes) you may find the odd King Brown

The Run:

Runners are off over the foot bridge and **Coops** takes the walkers just past the 1st Falsie, were we find the runners coming back around, this is where **Donka** and a few more of the slower runners become walkers tonight leaving only 5 runners to do the whole lot, go straight **Coops** says, **MelAdjusted** has a map, With **Ampol**, **Nice Tits**, **Donka** and **myself** setting a cracking pace we leave the walkers in our wake, we find trail again farther up while the runners are to the right looping around in the water and soft sand. But it wasn't long before the walkers are in the water too, knee deep in shiggy. Back around over the top through the cleared block and home. All up 7.5 for the runners and 5 k's for the walkers. With all getting plenty of water and hearing the odd snake scurrying off.

Circle Up, Returniks/Visitors:

Arseholeo seeing you came late what's the run number? 2189, lower, 2187, lower, 2173 no that's your IQ below sea level. Take a seat on the **Ice**

Hash Act

GM's Rapp- Sir K Adjusted 2020

Sir Kumsize is the GM of Hamersley
He's pretty intimidating as you can see.....
He wears medieval gear as proud as punch
Loves a Kilkenny when he's out to lunch
He keeps an eye on the wenches, especially their rumps
Maybe someday he will come up trumps
He'd like to line them all up against the wall
Back off, jack off, fuck them all
So o o o o, has he got a hard on
NOT YET
Will he get his end away?
YOU BET
