## Run Report 2196 – Goodwood Boat Ramp – Australia Day

Preamble: \_Crivvens, jings and help ma boab

Our GM **C-Man** is back on the crate tonight with **HardCase** scribing again and calls the Hash to order at 6pm. He invites the Hare **Concorde** onto the crate to tell us all about the run. He says that it is mostly marked with chalk with some short cuts for the walkers and there will be a drink stop. **Mother** (1700) and **Baron** (1500) are called up for the first of their achiever drinks to celebrate a combined 3,200 runs with Hamersley We had 41 members tonight and 1 visitor and given the occasion I conducted a straw poll asking for a Yes or No answer to the question of changing the date of Australia Day. The result was 93% NO and 7% YES. Just confirms what I have always thought that the tail wags the dog in Australia. Maybe we should ask our PM to put that question to a referendum at the next election instead of letting the news outlets and others [minorities with loud voices] control the debate.

### The Run:

Off we set and I was immediately joined by **Voodoo** who reckoned that he would walk this week as he had cycled to the run site. Maybe

he thought that he could make up for misdirecting me on last week's run? Anyway, we caught up with GM **C-Man** just before we reached the underpass on Gt Eastern Highway and **Voodoo** thought that he might have more influence so stuck with him. I managed to keep the runners in sight for the first 25 minutes of the run and lost them on what I thought was the best part of the run – a long winding footpath through the pedestrian part of Rivervale. **Nice Tits** caught up with me just before we re-crossed Gt Eastern Highway and then led onto the footpath along the riverside – the one that had closed signs but **Concorde** obviously got special permission for H4 to use! After a cute false trail that I and **Nice Tits** led into closely followed by **C-Man** and **Voodoo** we found the drink stop further on the In-trail in a small park by the river. **Mother** was given his impromptu DD 2 of 17 followed by rousing rendition of one of our club songs.

### Circle Up & Visitors/Returniks

**Barrelina** kicked off proceedings with a joke and the only thing that I managed to record was the punch line – Madeira cake! **Biggles** tells a joke as he being the latest member of the H4 Compliant Mob – taking the piss of the Scots lassies. Then **Barrelina** has another go at **Popeye's** expense – again only caught the punch line – always leave the condoms in the car!

### Visitors:

**Short Horn** from Kowloon hash – his 3<sup>rd</sup> run with Hamersley – time to sign him up as a new member **Baron!**

### Returniks:

**Popeye** – visiting Stupid in Darwin

**Pumpkin** - in rehab but clean for 3 weeks

**Rooted** – time off for recovery

**Fartin** – back to help his bro'

### General Business:

**Screwdriver** is first up advising us that it is 53 days until Poor Man's Nash Hash in Cervantes. Triple digits registered so far and cut-off date for regos is 28 February. Pan Indo Hash 2021 at Pangandaran this year might be cancelled and Interhash 2022 is 495 days away so who knows – but watch this space!

**Mother** and **Baron** catch up with their achiever DD's with a little help from their friends! Congratulations to both on a magnificent achievement as **C-Man** awards them their run badges.

**HardCase** tells us of the importance of this day to those of Scots heritage being the 262<sup>nd</sup> anniversary of the birth of Scotland's greatest poet, Robbie Burns, and it being Burns night celebrated all around the world tonight. **Precious** and **Coops** give an update on one of our new members **First Defence**. He came off his motorbike while travelling through the desert on an organised event to Alice Springs and has injured himself severely with broken vertebrae, ankle and collar-bone and no memory of the accident. Now in hospital in Adelaide with a long recovery and rehab in front of him. We wish him well in his recovery and hope that he is back in our midst soonest. **Swallow** managed to get him on a video call so we could all wish him well. **Biggles** advised that one of our old members **Gunny** was taking part in a Bush Poets Day on Australia Day at Wireless Hill Park, Ardross. **Bravefart** reminded us of the H4 Open Day for prospective new members [otherwise known as Bring a Mate Day] would be held at his run on 22 February. **Mase** closed GB by telling a joke about an old lady, a dog and a butcher.

### Charges:

**Screwdriver** says that the Hash is supposed to be a non-competitive sport of gentleman and charges **Sir Kumsie** with going over the top to identify with that. Charge reversed DD **Screwdriver**. **Biggles** tries to charge groupie Davo, one of the First People, [or at least one of the first people to arrive at the run site as he and his mate had been drinking there all day – at least they donated their VB cans to our Hash] as a hanger on. Charge reversed and DD and Ice for **Biggles**.

## WOW:

And now we come to the tragic bit as the old hash song goes!

Our Stand-In sorry esteemed RA **Cookie** mounts the crate and calls the incumbent Wanker **Disgraceful** forward. **Cookie** then tries an “on this day” being the arrival of Captain Cook and the invasion of Australia. It doesn’t need much fact checking to discover that he may be getting mixed up with the arrival of the First Fleet but even with that he is a day out! I’m sure that **Cookie** managed BGC better than he does the circle as there was so much yapping tonight it was difficult to hear the GM! **Disgraceful** had no real nominations for WOW except for what he called professional Wankers, **Scrotus** and **Barrelina** [one needs to be careful who one walks and talks with on H4!]. **Arseholeo** nominates new member **Flasher** because he broke down last week and failed to pick him up. **XYZ** made comments that the RA had lost control of the circle and I’m not sure how he managed to avoid the Ice! It was all looking like a carry over for **Disgraceful** but then up steps my wee mate **Elf** [not so wee now that after his height comparison with Malloway in the circle!] and nominates me! He reckons that as **Donka** will return to H4 next week that **HardCase** will take advantage of this and sign up for JobKeeper! Pay back time as **Cookie** says the WOW shirt is yours **HardCase**. In good humour [us Scots have that you know!] I don the WOW shirt and do a DD with the outgoing wanker **Disgraceful**. The Scots are also known to have long memories so remember that **Elf** and of course I can’t threaten the RA but he won’t be in that position forever! I’m currently working on my next fact checking exercise on **Cookie** claiming to be the smartest man on H4.

## Run Report

**Wimpy** is called forth to provide the run report. Generally, it was a good run with some long stretches and he reckoned that **Concorde** had set the run on his bike. Walkers shortcuts were welcome as was the drink stop. 7.5 for the Run and 1.5 for the food totals 9 out of 10. [Scribe note: I did 5Km on the walkers trail and it was 8.5Km for the runners].

## Ice

I seem to have only recorded **Barrelina** and **Biggles** sitting on the Ice this week.

## Next Week’s Run:

**KAZI – Pinnaroo Point, Hillarys**

## Next week’s Van driver:

**BOOF**

## Hash Lunch:

No **Tagg** again tonight again but he sent out an email to tell the boys that the next Hash Lunch is on Friday 5 February at a Chinese Restaurant at 26, Roe Street, Northbridge.

## Hares Act

Brought forward in the proceedings by **C-Man** at **Concorde’s** insistence. **Fartin** was in charge of the music but blames the speakers for not doing their job but not sure that the one-man show by **Concorde** taking the piss out of Australia Day would have improved even had the music worked! He made the effort nonetheless and should be given kudos for that.

## Song:

**Coops** delivers a little poem that he has done in honour of Australia Day followed by Raise Your Mugs!

## ON ON

**C-Man / Donka 11/52**

Much thanks and gratitude to **HARDCASE** for stepping in as SCRIBE on the night. I will be back next week so will pick up the pen once again and keep up the high standard that he has kept over the last 3 week

I will use my **Satnav** to get me home safely and would like to dedicate the poem the following poem( by Pam ayers) to all travellers who have use of a Satnav.

I have a little Satnav, it sits there in my car.  
A Satnav is a driver's friend it tells you where you are.  
I have a little Satnav, I've had it all my life.  
It's better than the normal one's my Satnav is my wife.

It gives me full instructions, especially how to drive.  
It's sixty K's an hour" it says, you're doing Sixty-Five.  
It tells me when to stop and start, and when to use the breaks.  
And tells me that it's never ever, safe to overtake.

It tells me when a light is Red, and when it goes to green.  
It seems to know distinctively, just when to intervene.  
It lists the vehicles just in front, and all those at the rear.  
And taking all this into account, it specifies the gear.

I'm sure no other driver, has so helpful a device.  
For when we leave and lock the car, it still gives me advise.  
It fills me up with counselling, each journey's fraught.  
So why don't I exchange it and get a quieter sort.

Ah weel, you see, it cleans the house, makes sure I'm properly fed.  
It washes all my shirts and things and keeps me warm in bed.  
Despite all these advantages, and my tendency to scoff.  
I only wish that now and then, I could turn the **Bugger** off

*HAPPY TRAVELLING*
