

POORMANS INTERHASH

CERVANTES

April 22 - 25 2022

SAVE THE DATE

Can't get to Trinidad Tobago Interhash in 2022 but still need to get somewhere, well the Hangover Bay Hash have put their hand up to help you out.

After in-depth drinking talking with a few of them it was discovered that Trinidad and Cervantes have a lot in common.

1. Trinidad, beautiful forest and villages, end up drinking. Cervantes, scratchy bush and twisted paths, end up drinking.
2. Trinidad, rain forest with streams and views, end up drinking. Cervantes, scratchy bush and twisted paths and maybe a small hill, end up drinking.
3. Trinidad, farms and micro-brewery on beautiful Homestead with cool breezes, end up drinking. Cervantes, scratchy bush and twisted paths and maybe a small hill plus f*#king hot as, end up drinking.
4. Trinidad, Circle on the beach, end up drinking. Cervantes, circle on the beach, end up drinking.

SO, you can see for yourself Cervantes is very similar to Trinidad!!!! You'll end up drinking
