## Run Report 2009: Kazi & Donka @ Whitfords Nodes

### Bus Driver next week 15<sup>th</sup> May 2017 is Captain Hook

**The Run:** **Kazi** sets the runners off towards the dog beach whilst the walkers head east. I am quickly comforted with the fact that **Shitscraper** is armed with a map of the run so all will be well – that is until we reached the Hillarys Shops and everyone splintered in all directions with none finding the drink stop near **Kazi's** abode. From then on I nursed **Captain Hook** homewards. Most of the pack was in by the time we made it home – nibbles minus the dog roll were all but consumed (trouble you get with setting home too close to a dog beach).

**Circle Up & Visitors/Returniks:** **Coops**, **Morphine**, **Captain Hook** and **Fartin Sphincter** fronted and drank and **Donka** cooled his derriere on behalf of the missing **Kazi** for not getting the last of the pack home inside 75 minutes.

**General Business:** **Dags** is sat on the ice for his fone going off in the circle. **Baron** tells of the recent demise of Bloo Boxhall (ex Bullsbrook H3). **Cookie** is concerned the runs are being predominantly set for the marafonners. **Boof** thinks he will need to purchase a Segway for Monday nights and also calls for volunteers to man the drink stop under the Narrows Bridge on June 4<sup>th</sup> for the Marafon Club. **Coops** then announces IH18 venue has been set for Prince Charles Park (downtown Fiji).

**Charges:** **Boof** is peeved that **Voodoo** was on his fone setting a drink date with a mate during the run (is **Boof** jealous he has no mates or surprised that **Voodoo** does?). **Disgraceful** charges **Fartin Sphincter** for claiming Crankers is a better club than **Hamersley** (where is a hempen necktie when you need one?). **Screwdriver** produces a photo of **Boof's** hat being modelled in a shop window of Embroid-Me in Claremont (the hat looked so much happier for not having a Cnut beneath it). **Baron** wanted to know why the map man **Shitscraper** did not get him to the drink stop. The off course Wrongway **Concorde** wanted to know why he did not get a drink at **Tampax's** house (trail was never past his house). **Rads** reported all was good and cheap at hash lunch last Friday and that 13 attended.

**WOW:** **Dags'** vocabulary is now attempting six letter gems such as "Gibber" – rocks or stones. The angry cheapskate Mr Free Out of Ten and the niggardly **Gasman** accuse **Rads** for embezzling them of \$1.50 each for a tip for hash lunch that was supposedly never paid. After some other insignificant candidates are tendered,

**Rads** is awarded the shirt but he must have sat too close to the frothing Mr Free Out of Ten at hash lunch and absorbed some of his saliva, instantly incubating the dreaded rare Bruce Rock disease of “shittiest liverus”. The infected, rabid and hysterical **Rads** refused to put on the WOW shirt all the while spluttering in a morphed version of **Didja** and **Fawky** (the bus should be equipped with a straight jacket). Wear it or not, **Rads** is still the wanker.

**Jokes:** **Popeye** with the touring roustabout at the London Zoo and his gastronomical escapades with Fish and Chimps and Mushy Bees.

**Run Report:** **Cow Cnut** is pleased that the run suited the marafonners and together with the food gave it a 9.5/10 i.e. free times (or free hundred percent) more than last week’s pafetic effit.

**Next week’s run:** **Gasman** is setting it with **C-Man** in Hamilton Hill so bring your torches and dress for cross country running equipped with snake repellent.

**Hash Lunch:** Suitable psychiatric wards are being screened for next month’s slag fest.

**Hares Act:** **Kazi** reveals some of his inner self with never to be told before confessions. These encompassed losing his first wife because of lipstick on his collar (appendage), his sleeping arrangements with homeless people, his faux pas comments in a gay bar on pushing his stool in and offering to toss for a drink, his replies to his advertisement of “wife wanted” and the ensuing offers of thousands of men willing to give up their own and finally his agreement with his second wife to treat the marriage as a workshop – **Kazi** to work and the wife to shop.

**Song:** **Polepolisher** starts us with #2.

**H4 Hashhouse:** Pizza galore kept warm by the adjacent latent heat emanating from the not yet cooled down frothing **Rads**.
