Run Report 2019: Rads & Sheepthrills@ Marmion Reserve Myaree

Van Driver next week 24th July 2017 is ??????????

H4 Honors: Tonight we congratulate: **Screwdriver** for his 25 year hat and **Mullet** for 1300 runs.

Preamble: Familiar territory for **Rads** to set his run – how could he stuff this up? The new spic and span van is here tonight displaying the work in progress (new paint and interior floor work and paneling).

The Run: We set off on Marmion as one pack and eventually worm our way around into the adjacent old farts village (I expect we might lose some of our own members to the clutches of dependent living before we make it to the other side). **Sheepthrills** is upon his bicycle herding the pack along the poorly marked trail and gets us all trapped because of the locked gates that the run should have continued beyond (great recceing by the hares). By the time we backtrack to the streets proper, the pack has splattered like a sloppy incontinent release of one of the nursing village's resident. Although **Sheepthrills** tried to get us all back on course, the pack was long gone so I wormed my way back home in the fine company of **Tagg**. The rations of nibbles was held back until all had arrived home (good thing for some but I blinked and missed the canapes).

Circle Up & Visitors/Returniks: Before proceedings commenced, we respectfully had a minutes silence for the passing of **Joystick** (Bullsbrook H3) during the past week. **Mullet** commences his first of thirteen down-downs in recognition of his centurion accomplishment (he is not pleased as he contracted a club foot in Bali and can only have the ginger beer on offer tonight [bonus beer saving for the club – classic!]). **Wimpy, Pumpkin and Effex** each have a drink for returning/visiting.

General Business: **Effex** has been liaising with **Spud** and Rotto in Bali is still on the week before this year's AGM. **Coops** has IH18 countdown to 310 days and informs us that Rego is now US\$250 until 31 December 2017 and return airfares range between AUS\$900-1700. Also thanks those who have paid him their accommodation deposits of AUS\$150 (will need to book an additional 10 rooms as everyone wants a room to themselves [who is **Wimpy** going to get to share with him?]). **Mullet** has his 2 of 13. **Bravefart** requires a hare for 26th September 2017 (although this may be a joint run – further research to be done). **Voodoo** has some sort of angst about Kiwis being on committee and dual citizenship issues. **Shitscraper** has reached another birthday and puts on a carton in recognition. **Dags** recites a letter about pregnancy prevention (a tad late looking around at all the fat gutted hashmen assembled). **Mullet** fronts for a third ginger beer.

Charges: **Cookie** wants to recover all the earnings of **Boof** since he has held dual citizenship in this country however the charge is reversed and ice and a down-down is **Cookie's** recompense. **Mullet** is beginning to forget the taste of real beer as he has his fourth ginger beer (I must sell my Foster's shares first thing tomorrow). **MauSei** charges **Mullet** for contracting vaginal thrush of the ankle whilst overseas – joint fifth of thirteen and guilty down-down for **Mullet**. **Bravefart** eludes us to **MauSei** disconnecting the lights in the new van – guilty as charged. **Coops** believes **Screwdriver** needs to be reprimanded for spoiling the Harriettes' weekend party by wearing a pink cap during the evening – reversed (the GM has no issues with pink). **Mullet** reaches 43% of his quota of ginger beer for tonight.

WOW: **Dag's** monosyllable tonight is "Conk" – synonym for **Concorde**. Resident wearer **Sheepthrills** dobs in **Rads** for the locked gate episode, **Wimpy** for being born into the "Jackmeoff" tribe of Bruce Rock and **Mullet** for his festering foot (Adams family wants royalties). Tandem accusers **Bravefart** and **Polepolisher** attempt to conjure a nomination against **Concorde** and the locked gate (who needs a drink to be confused?). **Kazi** has the tandem accusers as nominees for their sprinting at the end of tonight's run. **Sheepthrills** lands the trifecta and duly accepts the shirt yet again with a **Radicalized** rant.

Mullet together with proxies **Wimpy**, **Kazi**, **MauSei**, **Cookie**, **Tampax** and **Popeye** complete the downing of 13 of 13. **Baron** passes the 1300 run badge to **Mullet**. **Screwdriver** steps up to receive his 25 year hat, with recollections of notable feats contributed by **Rads** and **Boof**. **Troppo** recites the "Ode" and the hat with drink is awarded to **Screwdriver**. Pictures of preceding milestones duly captured by **Elf**.

Run Report: **Wimpy** gave it a 7.5/10 for the part he covered (could have been more if he did the whole run).

Next week's run: **Tampax** at Hillarys Park.

Hares Act: **Rads** fronts up with four pages of French jokes and had to stop after three ditties as the circle had descended into uproarious laughter and were pleading for respite from the comedy.

Song: **Cookie** leads us into #1.

H4 Hashhouse: Leftover see through beef rolls from **Rads'** last banquet.
