## [Run Report 2026: Tagg & Replicar & ShitScraper @ Yokine Reserve](#)

### Van Driver next week 11<sup>th</sup> September 2017 is Cow Cnut

**Preamble:** Lo and behold the GT striped Van is here tonight in all its new glory (must go faster than the old bus!). Good gathering of hashmen anticipating **Tagg's** promise of the run of the year (not sure which adjective to use here). **Tagg** climbs onto the crate and assures us of a Whiskey, Port, Cheese, Fruit and Chocolate stop along the way.

**The Run:** With the Saliva tingly, away we go towards the Nursing Home Capital of Australia – most will be purveying the real estate for our last stop before the 7x2x2 non-mobile home we are all destined for. The walkers get too far ahead after a poor call at a check by **Disgraceful** and cunningly a decision is made as to which way to short cut to catch up (where is **HaBB** when you need him?). Wrong move and it is a long and lonely trek home past the Yiddish Bronx of Perth and no drink stop. Not long after the pack descends on home all bursting from their laden beer guts, and buzzing about which treats they consumed on the run.

**Circle Up & Visitors/Returniks:** **C-Man, Disgraceful, GDC, Shitscraper, Concorde, Popeye and Morphine** are back to swell the numbers.

**General Business:** **Donka** has all the accounts updated so settle up before the new system starts. **Screwdriver** gets an accolade for selling the old bus on Gumtree in less than two hours for \$500 (**Rads** looks half happy, half sad as he will only be up for \$500 for dropping the clutch and causing the club to miss out on the \$1000 sale that had been previously set up). **Baron** announces various upcoming celebratory runs by other clubs including, without limiting, Albany H3 10 years, Rocky City H3 1400 runs, Bunbury H3 2000 runs, Sydney H3 and Hobart H3 50 or 60 years or whatever (do your own homework if you are interested in attending any of these).

**Charges:** As **Screwdriver** deserved more than one drink for his efforts in selling the bus, I lay a successful charge for him allowing the bus to be towed away H4 stickers and all (disrespect for H4 property). **C-Man**, with **Rads** support, has **Voodoo** guilty of not calling trail on the run. **Donka** reports that after his audit of H4 Assets, the camera was missing (see WOW below). **Rads** receives an accolade for another top hash lunch last Friday at Ten-Ten in Victoria Park. **Hardcase** wants an enquiry into who stole the H4 sticker from **Baron's** vehicle –

request denied and down-down to **Hardcase**. **Coops** thinks **Tagg** has set the bar too high for staging a sumptuous banquet at the drink stop.

**WOW:** "Pissant" has emerged from **Dags'** thesaurus tonight – meaning worthless, insignificant or contemptible person or thing (there should be some offended members [here or not here] tonight for the name calling). **Meladjusted** and **Dags** call forward **MauSei**, **Hardcase** and **Elf** as the top three worthy nominations. For hiding the camera from **Donka** during the Asset audit, **Elf** is **WOW**.

**Run Report:** **GDC** was happy with the well-set run, the great drink stop and the good company and gave it 9/10. Could have been Run of the Year had you not all gutted yourselves at the drink stop thereby leaving nothing for nibbles at the end for those that may have missed out.

**Next week's run:** **Polepolisher** at Jubilee Reserve, Bassendean for JK's Anniversary Run.

**Hares Act:** **Tagg** with a bevy of Scottish Jokes, funny just because they ridiculed the Scots.

**Song:** **Disgraceful** and **#2**.

**H4 Hashhouse:** Beef Supreme concocted by **Shitscraper**.
